- Control it your way

Light any moment, anywhere

- Portable
- On-product control
- Natural dynamic effects
- Full control from smart device with Hue bridge

Highlights

Be creative with colors

Play with light and choose from 16 million colors to instantly change the look and atmosphere of your room. Set the scene effortlessly with one touch of a button. Use a favourite photo and relive that special moment with splashes of light. Save your favourite light settings and recall them whenever you want with the tap of a finger

Wake up and go to sleep

Philips Hue will help get you out of bed the way you like it, helping you start your day feeling refreshed. The light brightness increases gradually mimicking the effect of sunrise and helps you wake up naturally, instead of being woken up by the loud sound of an alarm clock. Start your day, the right way. In the evening, the relaxing warm white light helps you to unwind, relax and prepare your body for a good night's sleep.

Sync with music and movies

Extend your TV viewing experience to the whole room or sync light to your favorite music and see how light reacts to the rhythm. Download the third party apps and discover the amazing things you can do with Philips Hue.

Create your ambiance

Set the right ambiance for any moment and decorate your home with warm to cool white light. Enjoy different styles throughout the year, no matter if it's the crisp white light reminding you of a spring breeze, the warm white light of a summer sun, or the ice cool daylight of winter.

Light up your gaming

Lift your gaming experience to the next level. Download the third party apps and discover the amazing things you can do with Philips Hue.

Light for your daily routines

Light influences our mood and behavior. Philips Hue can help you to customize your daily routines into moments you can enjoy. Skip your morning coffee and get ready for the day with cool, bright white daylight that helps to energize your body and mind. Stay focussed with finely tuned bright white light. Or put your feet up and relax with a soft glow of white light for the perfect end of the day.

Smart control, home and away

With the Philips Hue iOS and Android apps you can control your lights remotely wherever you are. Check if you have forgotten to switch your lights off before you left your home, and switch them on if you are working late.

Timers for your convenience

Philips Hue can make it seem like you're home when you're not, using the schedule function in the Philips Hue app. Set the lights to come on at a pre-set time, so the lights are on when you arrive home. You can even set rooms to light up at different times. And of course, you can let the lights turn off gradually in the night, so you never have to worry whether you've left any lights on.

Installation free dimming

Experience guaranteed smooth dimming with Philips Hue. Not too bright. Not too dark. Just right. No need for wires, an electrician or installation

Control it your way

Connect your Philips Hue lights with the bridge and start discovering the endless possibilities. Control your lights from your smartphone or tablet via the Philips Hue app, or add switches to your system to activate your lights. Set timers, notifications, alarms, and more for the full Philips Hue experience. Philips Hue even works with Amazon Alexa, Apple HomeKit and Google Home to allow you to control your lights with your voice.

Portable

Philips Hue Go is the most versatile light in your home. When plugged into a power outlet, use it to paint your walls with colored or white light. Unplug it from the power outlet and Philips Hue Go becomes a portable centerpiece you can carry to bring the best light for your activities. Powered by a rechargeable internal battery, it can last up to 3 hours. Also in portable mode, Philips Hue Go can be fully controlled with your smart device. The built-in smart battery management guarantees maximum usage. Although Philips Hue Go is not waterproof, it is designed to withstand high humidity.

On-product control

Control Philips Hue Go even without your smart device at hand. Activate light settings directly by pressing the button on the product. Choose from 7 different light effects: functional warm white light, cool energizing daylight, and 5 natural dynamic light effects that match your special moments. Or cycle through the color choices by quickly tapping and then holding the button until the desired color comes up. The fun really starts when you connect Philips Hue Go with the Bridge. Control Philips Hue Go from your smart device and discover the endless possibilities.

Natural dynamic effects

Enhance special moments with living light. Philips Hue Go has 5 patented natural dynamic effects: Cozy Candle, Sunday Coffee, Meditation, Enchanted Forest, and Night Adventure. Each dynamic effect has its own mix of colors to set the right mood.

Full control with Hue bridge

Connect your Philips Hue lights with the bridge to unlock the endless possibilities of the system.
