

Durable LED accent lighting with a focused beam

This directional LED lamp provides a focused beam of warm, white light and is an excellent replacement for traditional reflector lamps.

High-quality light

- · Learn about light
- True incandescent-like warm white light

Choose a simple replacement for your old lamps

- · Shape and size similar to halogen spot
- · Instant light when switched on

Choose for a sustainable solution

- No UV or InfraRed
- · Long-life bulbs Last up to 15 years
- · Better for your wallet and your planet

Highlights

Learn about light

Colour temperature: light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more tranquil light, while those with a higher Kelvin value produce a cool, more energising light. CRI: the colour rendering index (CRI) is used to describe the effect of a light source on colour appearance. Natural sunlight has a CRI of 100. The CRI of Philips LED lamps is always higher than 80, which ensures that colours are shown as true and natural.

Incandescent-like warm white

This bulb has a colour temperature of 2,700 K, providing you with a warm, tranquil atmosphere, perfect for relaxing. This 2,700 K light is ideal for home lighting design

Replaces halogen reflector

With its beautifully shaped design and familiar dimensions, this is a contemporary lighting, LED capsule. The perfect sustainable replacement for traditional halogen spots.

Instant On

No need to wait: Philips LED light lamps provide their full level of brightness immediately when they are switched on. Just by turning on the switch, your room is at full brightness. There is no slow starting or waiting.

No UV or IR

The light has no infra-red component, so no heat is radiated. Also, there is no ultra-violet component in this light. These two characteristics mean that this light will not cause fabric and other items to fade.

15,000-hour rated average life

With a lifetime of up to 15,000 hours, you can reduce the hassle of frequently replacing your light bulbs, and enjoy a perfect lighting solution for over 15 years.

Saves up to 80% energy

LED technology saves up to 80% energy compared to your standard bulb. It therefore pays for itself and saves you money year after year. It also helps to protect the environment.

Specifications

Characteristics

Shape: ReflectorDimmable: NoSocket: E27

Lamp dimensions

Height: 10.2 cmWidth: 6.3 cm

Durability

Average life (at 2.7 hrs/day): 15 a
Lumen maintenance factor: 0.7
Number of switch cycles: 20,000

Light characteristics

Beam angle: <120 degree(s)
Colour rendering index (CRI): 80
Colour temperature: 2700 K
Light Colour Category: Warm White

 $\boldsymbol{\cdot}$ Nominal luminous flux: 505 lm

• Starting time: <0.5 s

• Warm-up time to 60% light: Instant full light

Other characteristics

· Lamp Classification Risk Group: RG1

· Lamp current: 37 mA

Packaging information

• Product family: LED Classic

Power consumption

Voltage: 220-240 VWattage: 4.5 W

· Wattage equivalent: 42 W

· Energy efficiency label (EEL): A++
