UrbanScape LED Pendant, 80 LED, Type IV, Flat Lens, 4000K - 109 lm/W

The UrbanScape LED Pendant luminaire combines style and performance to create flexible, durable and attractive energy-saving solutions that blend in well with modern-styled urban architecture. Thanks to the open design it is capable of more powerful lumen packages suited to the higher visibility requirements of roads and intersections – up to 96 LEDs can deliver over 20,000 lumens, equivalent to 400W HID.
